

In the heart of the forest I always hear screams of Primates such as the Red Colobus Monkeys, Black and white, chimps but I am not bothered for I know that the peaceful forest is for all creatures. I am a beautiful bird my chest is yellow and I am green all over. I am called African ~~Emer~~ Emerald Cuckoo.

I sing the following words; "Hullo Georgie, Hullo Georgie" Other birds in my family are Red chested Cuckoo which sings it will rain, it will rain. Sometimes people hate the Red chested Cuckoo for they say it brings a bad omen to the village when it is heard there.

→ Hullo Georgie, Hullo Georgie
or
'Hullo Judy', Hullo 'Judy'

My forest Anthem is that; Do not cut the trees for these are my food provider, my comfortable habitat and home for all wildlife long live my beloved forest.
